

LET'S SPEAK ENGLISH (LSE)

About the project

LSE Project aims to make students come together through video conferences google meet etc and make them improve their English. Each week they are going to meet and speak on different topics.

AIMS

Students are going to talk about their countries, schools and cultures. Each week we are going to discuss and talk on different subjects.

WORK PROCESS

Each week we are going to choose a topic for next week. The students are going to search for this topic. We are going to prepare slides for our topics. Each group is going to make a presentation. After that students are going to have a say. Logos and posters, poetry, music or paintings may be prepared and presented on each topic.

EXPECTED RESULTS

Students are expected to improve their English. On Twinspace we are going to publish our works. We are going to present our works on our school walls.
